## FLOWATER REFILL STATION

### About

We are the first FloWater Hawaii Representative in Maui. FloWater is an alkaline water refill station that is easy to install at any location. It is the most advanced water filtration system on the market. By installing these water refill stations across Maui, we can seriously impact reduction, with the potential of completely eliminating, single use plastic water bottles in the near future.

A distributed network of these systems is being installed across the Hawaiian Islands, with large networks across Kauai and Oahu already. Here on Maui we will be installing refill stations across all sides of the Valley Isle including: airports, harbors, parks, schools, malls, hotels, businesses and residences.

### Price

A one time payment of \$200 includes install, deposit, shipping, delivery, maintenance, and warranty. Residential deposit of one month required. Flowater monthly subscription of \$145 to \$175 per month, suggested pricing with a minimum 36 month (3 year) contract, with discounts available for longer terms. Less than 3 years available with a higher monthly lease rate. The 3 smallest sizes do not come stock with alkaline filter, please add \$10/mo for filter or 1 time cost of \$50.

Contact us for wholesale purchase. Pay for your FloWater by retailing water bottles, reusable aluminum, these are stainless steel with customized logo (\$100 typesetting fee).
